SUNNYSIDE JUMBO BROILERS

Our fast-growing jumbo broilers, when managed properly, should reach 6-7 lbs in only 8 weeks. These birds are known for their strong legs, plump breasts, excellent feed conversion and livability.

Available year round

SUNNYSIDE RANGER

This slower-growing broiler will take 9-11 weeks to finish and should reach 5-6 lbs in that time. Perfect for pasturing and "chicken tractors".

Available March 21 through August 17

HERITAGE BREEDS

BARRED ROCKS

Recognizable by their contrasting black and gray plumage, the dual purpose Barred Rock has been a favorite brown-egg layer on American farmsteads for over a century.

RHODE ISLAND REDS

This cherry-colored beauty from the Northeast has contributed to the development of many of today's commercial brown egg hybrids. Another great option for both eggs and meat.

BUFF ORPINGTONS

A traditional English breed that's both a dependable layer of brown eggs and a fine, white-skinned table bird. They're striking orange-buff plumage will set them apart from the rest of your flock.

GOLDEN LACED WYANDOTTES

Developed in Wisconsin in the 19th century, this dual-purpose brown-egg layer is noted for their stunning combination of gold and black plumage along with their frostbite-resistant rose combs.

SALMON FAVEROLLES

BROWN LEGHORNS

This native of Italy brings you excellent white-egg production in a beautifully colored package. Hens are penciled in straw and black while the males look very similar to the rooster on a box of cornflakes!

SPECKLED SUSSEX

An English dual-purpose favorite, this mediumsized, mahogany-colored bird has many of its feathers tipped with white. An excellent layer of light brown eggs.

Heritage Breeds Available March 7 through Sept 5

DUAL PURPOSE

BROWNS

Our Brown hens will produce large volumes of highquality, brown-shelled eggs starting as early as 18 weeks of age. The female is known for her quiet temperament and hardiness. Males are lighter in color and make excellent fryers.

Available March - December

SPECIAL BLACKS

A Sunnyside original- the ultimate dual-purpose hybrid. The females are excellent brown egg layers and males should finish at over 6 pounds in about 20 weeks. The preferred bird for many ethnic markets!

Available year round

REDS

These hybrids are similar in size and production capabilities to our Special Blacks, just with a red plumage instead of black. Supplies are limited.

Available year round

WHITE LEGHORN

Our premium producer of pearl white eggs. Pullets are ready to lay at 20 weeks and you can expect excellent feed efficiency, livability, and shell quality from these birds.

Available March - December

HOBBY FARM ASSORTED

Hatchery choice of jumbo broilers, along with everything else we offer of our large breed chicks. We will do our best to provide you a good

Available March 7 through Sept. 5

EXTRA SERVICES

Beak Trimming. ..\$.20 per chick Mareks Vaccination - included in the purchase price.

BE CAUTIOUS WHEN HANDLING POULTRY

Live poultry can be a source of potentially harmful bacteria. The following are safe handling tips:

- Thoroughly wash hands with soap and water after handling poultry or anything in their environment.
- · Clean poultry equipment frequently.
- Keep live poultry and their equipment outside of your home.
- Do not eat or drink around poultry or their environment.
- · Supervise children when they handle poultry. Make sure that they do not put hands or fingers into their mouths.
- Young children under the age of five and those with weakened immune systems should be cautious when handling poultry.
- · Do not nuzzle or kiss poultry.

SUNNYSIDE RAINBOW EGGERS

Don't mistake these for Araucanas-Rainbow Eggers are a colorful collection of commercial layer strains from Europe that will fill your egg basket with green, blue, chocolate brown and cream-tinted eggs. Supplies are limited.

CUCKOO MARANS

This barred dual-purpose French breed is known to produce extremely dark colored eggs and makes a quality table bird as well. Supplies

Available March 7 through Sept. 5

DUCKLINGS

MALLARDS

These ducks make for an excellent addition to your pond and have a hardiness not found in other domesticated ducks. While they will dress out much smaller than other ducks, they do have a more traditional, "wilder" taste due to their preference to forage.

WHITE PEKINS

Our most popular duck, the giant White Pekin is the premier meat-producing duck available. Hardy and fast growing, Pekins should finish out at 7 lbs. in 8 to 9 weeks. These snow white ducks will dress out nicely. A very attractive

ROUENS

While Rouens are similar in size to our White Pekins, they carry a plumage similar to that of a Mallard. Drakes will mature to be grey with green heads while females carry a brown penciled pattern. The traditional Rouen duck has been a staple on French farmsteads, and tables, for centuries,

KHAKI CAMPBELLS

This medium duck matures quickly and is our most prolific egg-laying breed. Males will mature to over 4 lbs and can be identified by their olive-colored heads. Females will be smaller in size and should begin to lay eggs at 5-6 months of age.

All Ducklings Available April 4 through June 8

TURKEY POULTS

BROAD BREASTED WHITE

If it's a fast-growing turkey with great livability and excellent feed conversion you seek, the Broad Breasted White is the one for you. Females will grow to 16-18 lbs. in 14-16 weeks, while Toms should finish out at 30 lbs. in 18-20 weeks.

BROAD BREASTED BRONZE

While these beautiful turkeys resemble their wild cousins in plumage, their size and confirmation are more in line with our Broad Breasted Whites. Our traditional bronze does excellent in free range and other alternative systems as they make great foragers.

All Turkey Poults Available March 14 through August 17

VITAMINS AND SUPPLEMENTS

GroGel Plus- Mixed with water and the granules will expand into a soft. palatable gel to supply chicks with the crucial nutrients and beneficial bacteria they need to get off to a great

start! Each 7 gram packet contains enough GroGel Plus for 100 baby chicks. \$3.00/pack

Streseez Plus- A water-dispersible supplement of essential vitamins, minerals and electrolytes for poultry in all stages of life. Each 6 oz. pack will

treat up to 128 gallons of water. \$6.50/pack

STARTED PULLETS

Sunnyside offers ready-to-lay pullets, both white egg and brown egg varieties, that are available for pick up in August and September each year. We start taking orders in early March. Get your order in soon as supplies are limited!

MANAGEMENT TIPS FOR BABY CHICKS

Make sure their environment is warmed up to 90° F upon their arrival. The temperature can be reduced by 5° F per week until you reach 70° F. Give your birds plenty of space and remember that comfortable chicks will be spread out evenly under the light/ brooder. One 250-watt lamp for every 80 chicks, placed 18-24 inches off the floor, is a good rule of thumb.

Litter must remain clean and dry. Wood shavings, peat moss and rice hulls work best. Avoid using newspapers and straw for bedding as these can be susceptible to mold and can become slippery, which may cause leg problems. Circulate fresh air in the growing area to prevent ammonia build up. Young chicks can be protected by a draft guard early on to protect them from being

Feed and water chicks immediately upon arrival. Provide at least one gallon of water per 50 chicks. For best results, include a vitamin and electrolyte powder in their water founts. A fine grade grit may be sprinkled on top of their feed- this will aid in their digestion.
